

IVY IS THE #1 SOFTWARE FOR DESIGNERS

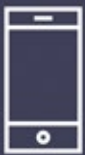

Ivy is a business management platform that streamlines designers' sourcing, invoicing, purchasing, and administrative tasks in one place, allowing designers to free up time to focus on what they love, design.

WHY IVY?

- Centralize your tasks in one place so you can save countless hours of time and money
- Impress your clients with beautifully branded documents
- Get paid faster by invoicing and collecting client payments online
- Easily clip product specs & images from vendors' sites into your digital library of products
- Increase your productivity by running your business on-the-go using Ivy's mobile app
- Access to education, resources, and community support needed to run a more efficient and profitable business
